To our valued community partners and supporters,

For the safety of our community, Carrie Tingley Hospital Foundation has decided to hold our 26th Annual Mudd Volleyball Tournament as a virtual event. Each year, we have been able to raise over \$400,000 from Mudd Volleyball to serve 355 children and their families through the generosity of our dedicated community partners and sponsors. While we are not able to hold our traditional event in-person, the needs of our children and families remain, as does our commitment to enhancing their quality of life. We are asking for your support to continue our work of providing children with physical disabilities and their families with emergency financial assistance, therapeutic medical equipment, and adaptive and inclusive physical activity and recreation.

The current COVID-19 pandemic has presented the children and families we serve with unprecedented challenges. CTHF's children with disabilities are at greater risk of falling ill due to underlying chronic health conditions. These children also have reduced access to routine medical visits and therapy sessions with impacted hospitals and health centers. Additionally, their families are facing greater financial hardship with rising unemployment, lack of childcare, and the added financial strain of caring for ill family members. CTHF's children and families are more vulnerable than ever. With your help, we can ensure every CTHF child with disability and family is cared for.

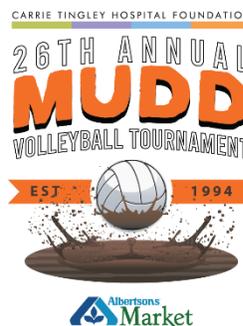

In the face of these challenges, CTHF remains deeply committed to carrying out our mission of enhancing the lives of children with physical disabilities across New Mexico. We understand that the course of this pandemic has taken its toll on businesses. This year, we are asking you for a meaningful donation in place of your annual sponsorship. Now more than ever, your generosity is critical in helping our most vulnerable CTHF families make ends meet.

We thank you for considering our request and look forward to seeing you in the Mudd in 2021!

With gratitude,

Connie Chavez
Executive Director
